A natural beauty.

The gorgeously crafted Coralie Series takes its name from the Latin word "coralium," meaning coral. Sleek and linear, it combines the exceptional beauty and durability of its ocean-dwelling namesake with the kind of patented MTS seating functionality and comfort that will make your guests sit up and take notice. You can give any room a unique flair with the clean modern lines and classic charm of Coralie.

Poetry in motion.

The Japanese art of origami transforms ordinary sheets of paper into extraordinary works of art. In a similar way, MTS's stunning Paragami Series can transform guest rooms and public spaces. This graceful seating line has the style to stand out in any room and the strength to stand up to the demands of your visitors and guests.

Sitting pretty.

The name means "grove" in Finnish, which is appropriate since our Lehto Series combines a sleek, thin profile with a beautiful, contemporary upholstered shell design. These versatile chairs offer the best of both worlds: the ruggedness and functionality of a public performer and the elegance and tranquility of a relaxed, laid-back guest. Lehto stands out from the crowd.

A timeless classic.

Like the heroine in Jane Austen's beloved novel, our Emma Series is a classic that never goes out of style. Its mid-scale shell and mid-century modern look was all the rage back in the '50s and '60s, and as with all things retro, is gaining momentum again. It comes in two different back styles, one solid and one with an opening in the lower back. A cushioned seat and back make it as comfortable as it is stylish.

MTS Seating is sensitive to the impact of our manufacturing on the world around us. That's why we developed and adopted the SynerGreen® philosophy to make continuous environmental improvements in our processes and products, while practicing sound business principles to focus on satisfying customer needs. In addition, MTS is proud to be the first hospitality banquet seating manufacturer to earn the GREENGUARD® Indoor Air Quality Certification on our line of stacking, banquet and restaurant seating, and in 2014, MTS received Sustainability Leader status with the MindClick Global Hospitality Sustainability Index.
