

SierraSolid®

GROUP II SELECTION

Available on original molded and Profile SierraSolid® tops: 261, 262, 264, 265, 266, and 267 series only.

Group II pricing:

(BG) Beachglass, (E) Elements, (U) Alumistone,
(T) Transluscents, (Q) Quartztone, (R) Marble

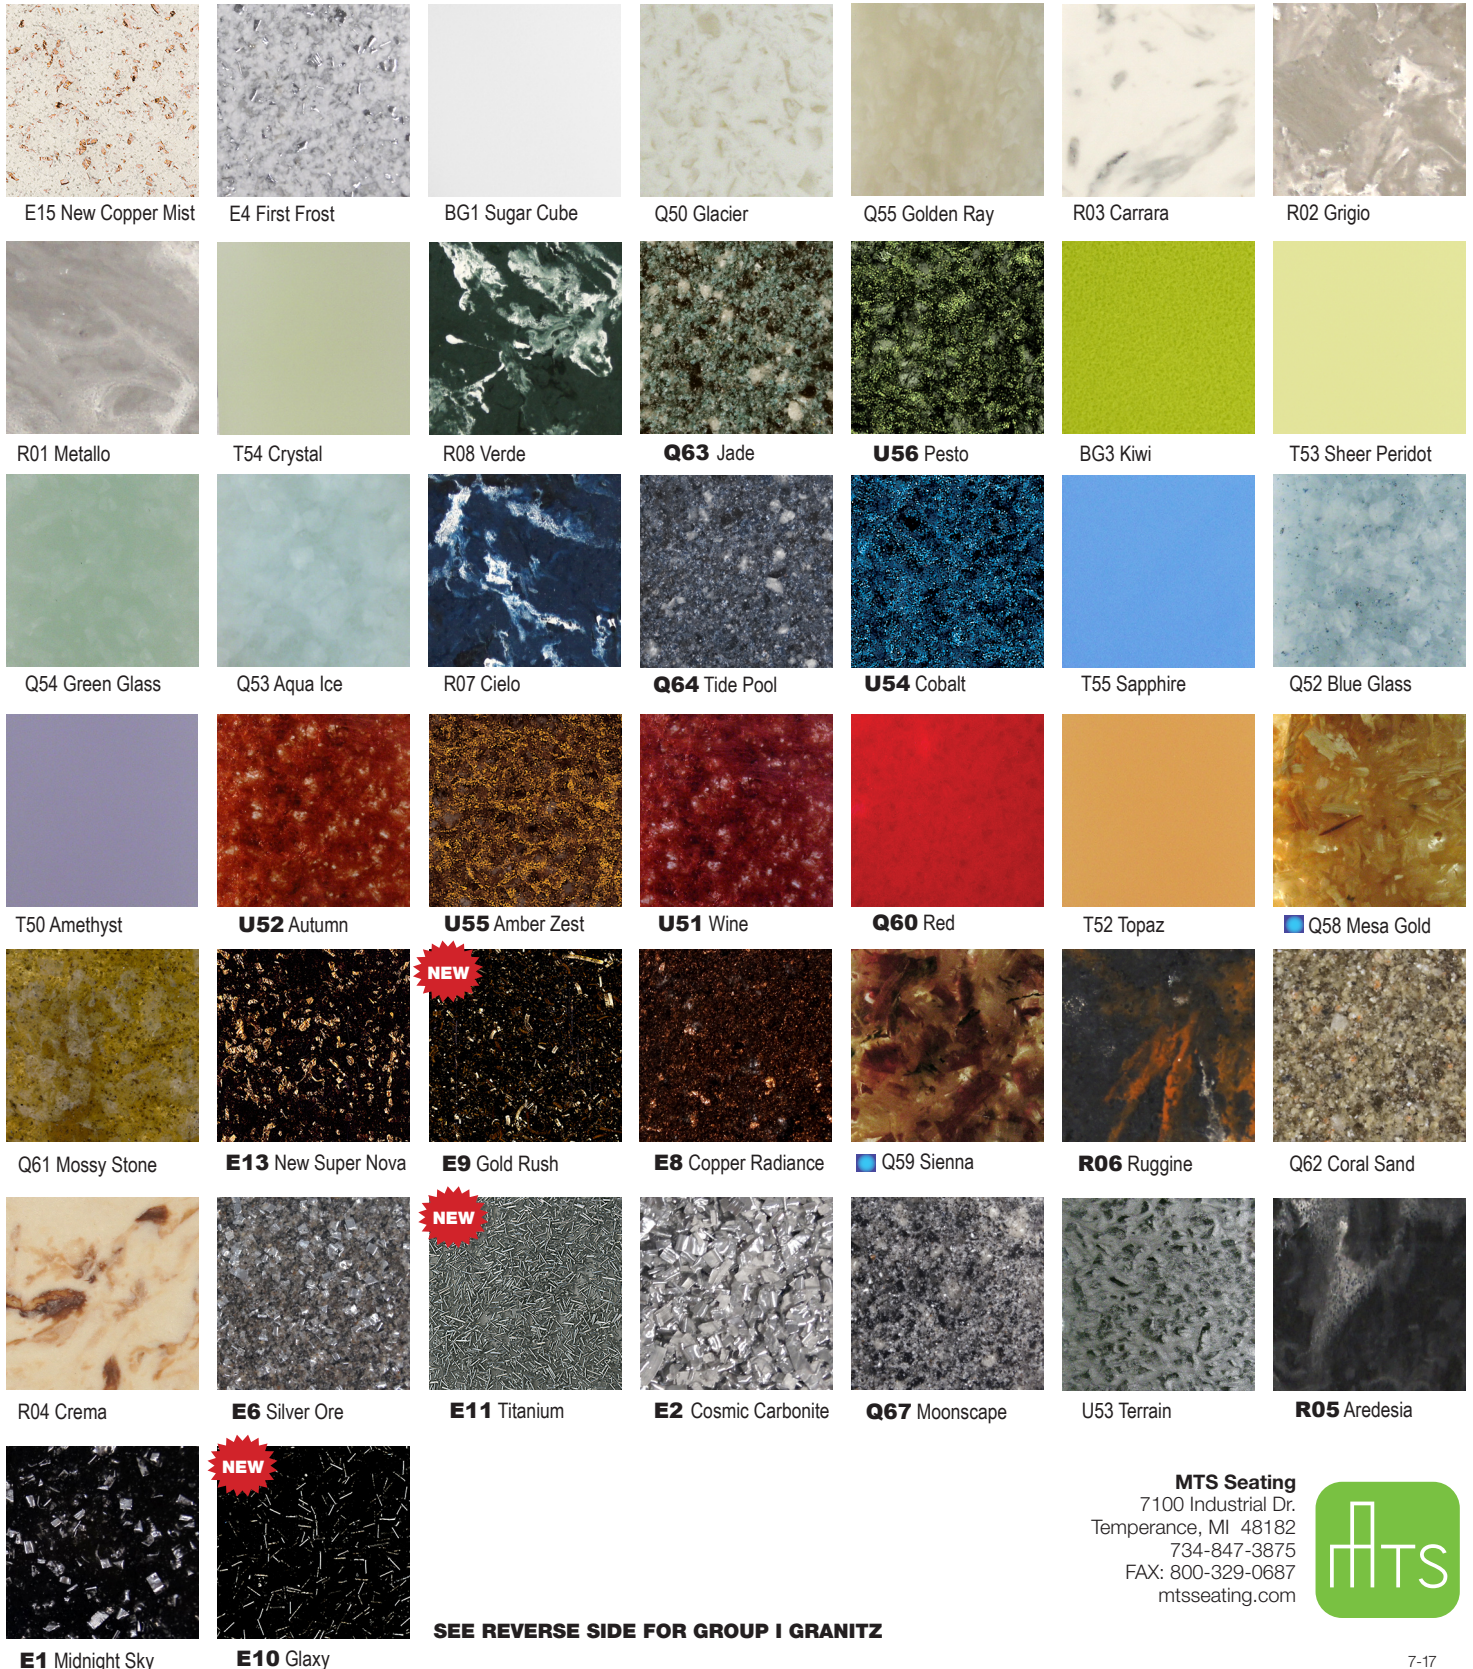

Original, molded MTS SierraSolid® tabletops are constructed from a proprietary acrylic-based resin that delivers unmatched consistency of color and superior color retention, scratch resistance and cleanability. Our molded SierraSolid tabletops are ½" thick in the tops and edges, and offered in more than 70 colors and in four edge styles, SierraSolid table tops can complement any venue.

(Group II colors are not available in 260 series veneer tops.)

 Color not suitable for outdoor use - avoid direct sunlight.

Available in 261series only in limited sizes. Contact MTS for availability.

[**Bolded color numbers** indicate black substrate. Non-bolded numbers indicate white substrate.]

1-1/4" Eased Flat Edge SierraSolid® 260 VENEER

Edge Dimension/Construction:

1-1/8" thick molded edge tapering to 3/4".

Top: 1/4" solid surface material over a 3/4" sealed plywood core.

MTS SierraSolid® Veneer tabletops are constructed from 100 percent recycled solid-surface material with an acrylic resin binder that delivers the same consistency of color, color retention, scratch resistance and cleanability like that of our molded SierraSolid® table tops.

The veneer tops have a 1/4" thick solid surface material over a 3/4" thick sealed plywood core. Molded edge tapers from 1-1/8" to 3/4".

SierraSolid® 260 Veneer tops are available in above Group I Granitz colors only.

260 Series are available in these select sizes:

Square:

24"x24"

30"x30"

36"x36"

Rectangle

24"x30"

30"x36"

30"x42"

30"x48"

36"x48"

Round

24" RD

30" RD

36" RD
